

Shortly after I graduated, neighbors of my grandparents on River Rd., the Eben Shaw family, asked me if I'd be interested in purchasing their 20 acres of land on Rte. 143, which is directly across from the 3 parcels mentioned above. My answer was, yes if you can wait until I turn 21 in 2 yrs. and they did. I later got married to my (late) husband , Ralph Sherman, and we raised our 3 children there and I am currently still living there with my son, Dale. One dau., Terry Malloy, is living in Windsor and Wendy Sherman and her friend , Terry, are living in Easthampton. Wendy has a son, Joshua Culver, who is living in California.

As the children were growing up, they were involved with their animals at the local fairs and the Big E. While attending SVHS, Terry received a \$1,000 Agricultural Award which she used to add on a haybarn to our newly built cattle barn. All three children , attended SVHS and never regretted it.
