

Physick-Parson Comes to Worthington

The Worthington Historical Society has invited

JERRILEE CAIN

to talk to us about her restoration of the
PARSON HUNTINGTON HOUSE, the first parsonage, built
by Parson Jonathan Huntington on West Street, in 1771,
and her historical research of his life.

Jerrilee Cain lovingly restored the house from 1968 to 1975
and will show us slides recording her efforts
