

# BERKSHIRE PARK

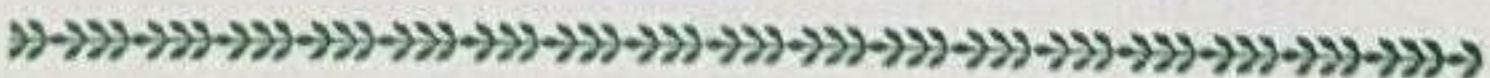

## CAMPING

### OLD POST ROAD

JUNCTION OF RTS. 112 & 143

WORTHINGTON, MASS.

Berkshire Park Camping Area is located high in the Berkshire Hills on 216 acres of forest land. The Park is one mile deep in the woods far from the noise of every day travel. The elevation is 1423 feet above sea level. And for this reason - during the hot and humid months of July and August our temperature is 6 to 10 degrees cooler and a lot less humid than it is in the city and lower areas. It is a place for those that like to get away from it all. . . . A place to rest and relax. There are nature trails for hiking and viewing the wild life in its natural habitat. Birds, Ducks, Cranes, Otter, Beaver and many more to be found in this area.

You can take a 20 minute walk out to Lookout Ledge where you can sit and see thousands of acres of hills and valleys below. In the Fall this is a ring-side seat to a panorama of color as far as the eye can see. On a clear day the Westfield River can be seen two miles away down in the valley. Field glasses and Camera are a must to see and record nature at its best. There is horseback riding and Golf nearby, and are close to one of the best Trout Streams in Western Massachusetts. We are also located in the center of Rock-hound country.

There are wild Strawberries and Blueberries for the picking when in season. There are Auctions at a near-by Auction Barn every week throught the summer. We are near Churches & a General Store. Our Campsites have Tables, Fireplaces, and some sites have electric and water. We have running water, flush toilets and showers. Also Swimming and Fishing. Ice and wood is available at the office.

---

*We Have A Special Trail for MINI-BIKES.*

---

***There will be Skeet shooting Week-ends of September and October.***

*Bring Your Own Gun and Ammunition.*
