

Worthington

WORTHINGTON, July 27--A group of Worthington people went to West Pelham yesterday afternoon, at the invitation of Miss Bessie E. Trow of Bedford Lodge, Northampton, for a picnic supper at her country place "Wish Kumtru." Miss Trow is a former resident of Worthington. The invitation was general to all the people of the town but a perfect day for a picnic was also a perfect day for haying which kept many at home. A few years ago Miss Trow and Miss Laura S. Clark bought the place—an abandoned home, and transformed it into an ideal place, restoring the old-fashioned house and developing the three acres of land into a place of beauty. After wandering through the house and grounds, groups gathered to chat and there were cards for those who wished. A buffet picnic lunch was served on the lawn to 48 people.
